the el dorado

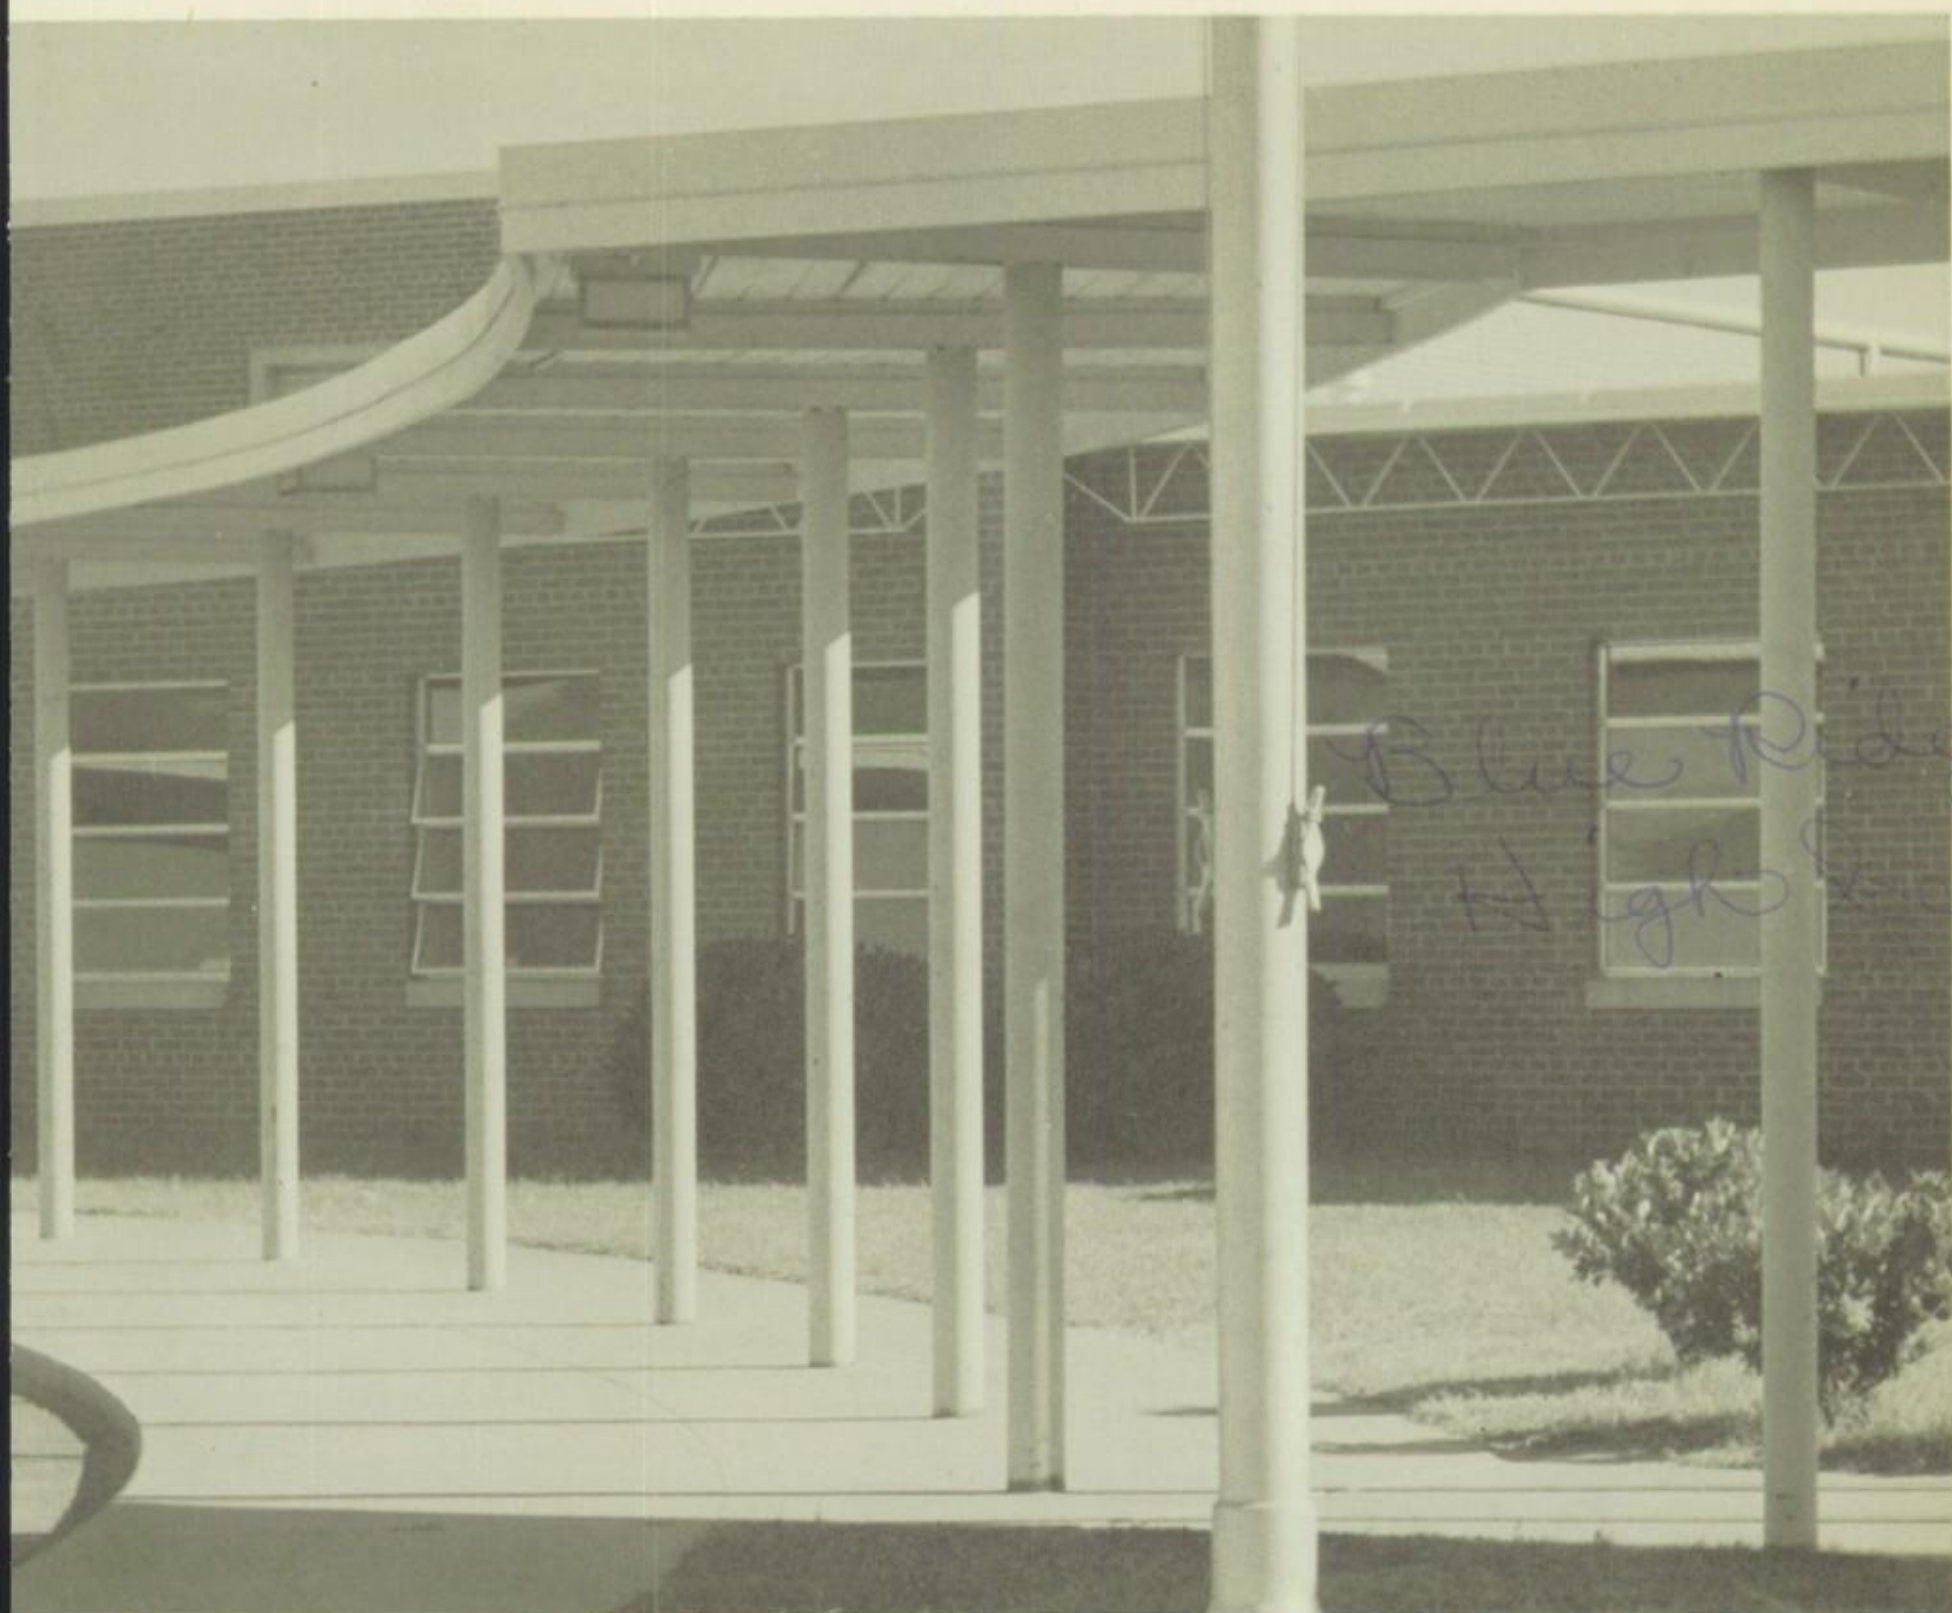

Foreword

Joseph Addison said, "I consider an human soul without education like marble in the quarry, which shows none of its inherent beauties till the skill of the polisher fetches out the colours, makes the surface shine, and discovers every ornamental cloud, spot and vein that runs through the body of it."

Through this book we have attempted to preserve for you some of the handiwork of the sculptor of Education, to exhibit some of the tools used in the making of a man, and then to present a semblance of all the years of chiseling, shaping, and polishing. The work is not yet complete. College, the world and other people will help to produce the finished product.

Dedication

Because of his dedication, we honor him;

Because of his thoughtfulness, we admire him;

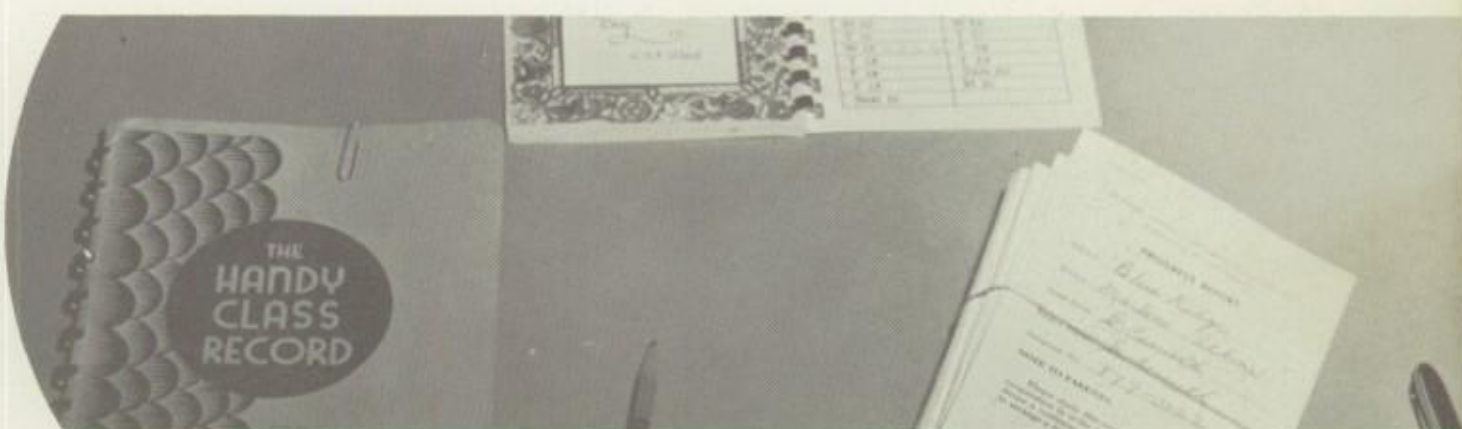

Because of his good nature, we esteem him;

Because of his patience and understanding, we appreciate him.

We, the staff, take pleasure in dedicating the 1963 *El Dorado* to Mr. Walter A. Leopard.

faculty and curriculum

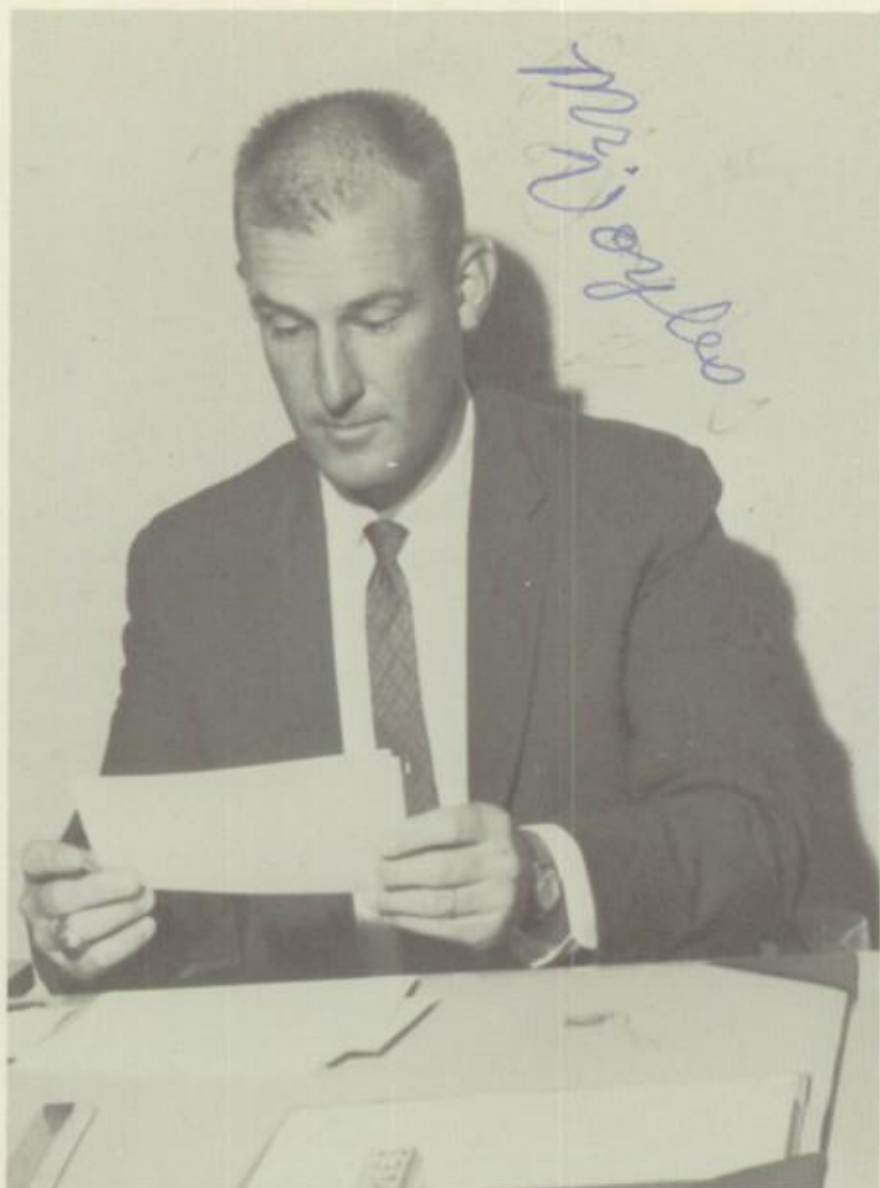

Principal

The student body is well pleased with the interest our new principal, Mr. Forrester, has taken in all school activities and in each individual student.

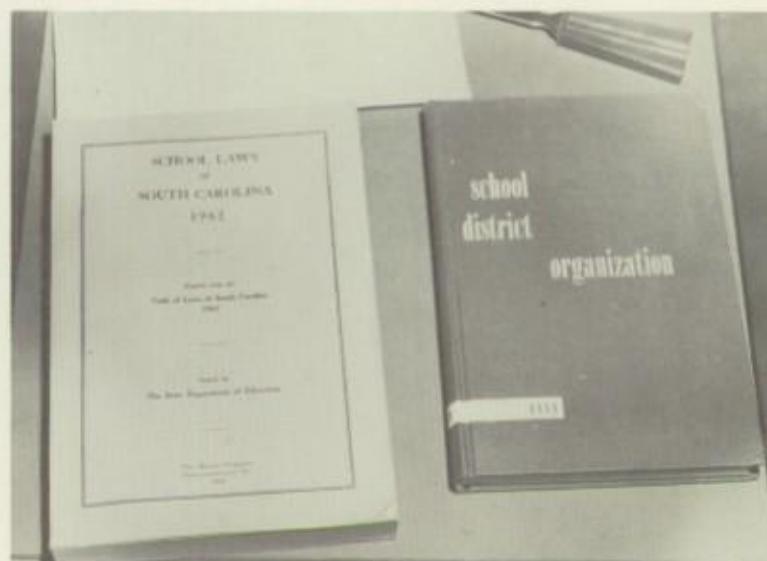

He is a graduate of Furman University and a native of this community.

Joe M. Forrester
B.S., M. Ed.

Homer H. Voyles
B.A., M. Ed.

Administration

Mr. Voyles serves efficiently as assistant principal, aiding in disciplinary decisions.

Mrs. Crain keeps the office straight, answering the telephone, keeping up with correspondence, making reports, operating the duplicating machines and a thousand and one other things.

Mrs. Florence J. Crain

Homer H. Voyles
B.A., M. Ed.

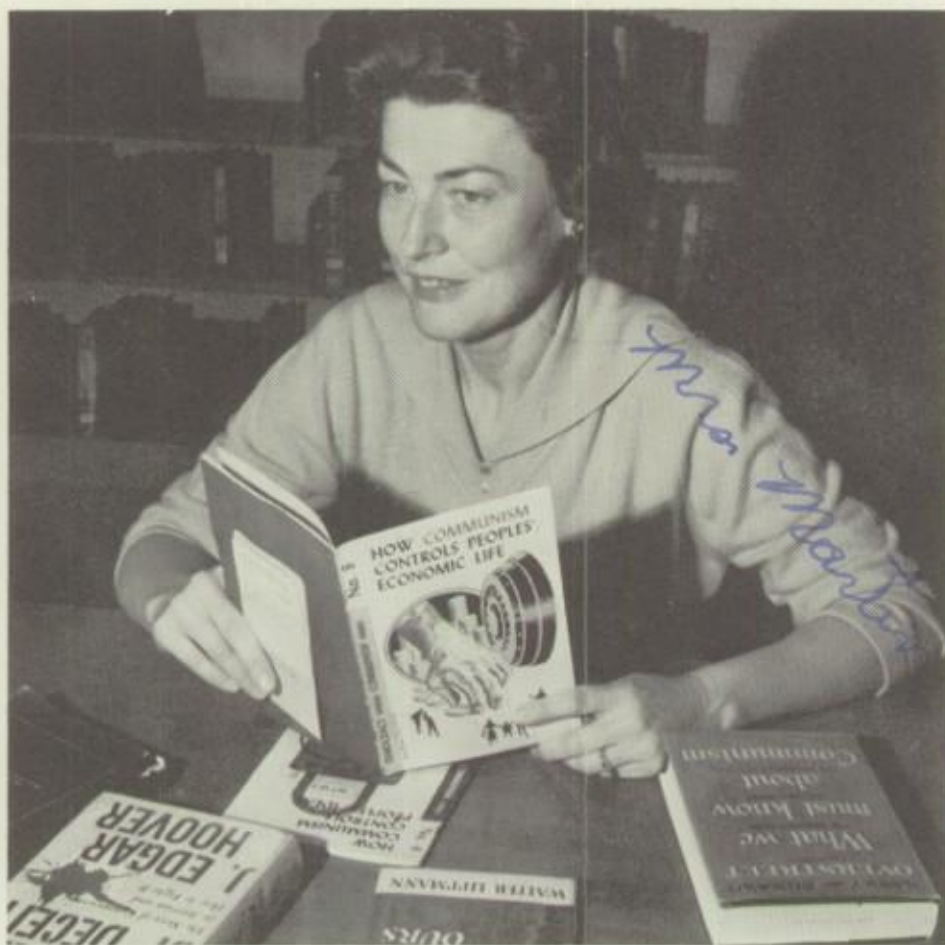

Guidance

For the first time Blue Ridge has a full time counselor, Mr. Homer Voyles, and also an assistant for girls, Mrs. Doris Dobson. Mr. Voyles spends a great deal of time testing, talking with students individually, and keeping records on all 580 students.

Doris Dobson*

Mrs. Doris E. Dobson
B.A.

Mrs. Pamela K. Martin
B.A., M.A.

Social Studies

Our social studies cover a rather broad field—world history, American history, government, world geography, and citizenship. We feel that these courses are necessary to the development of good citizens and appreciation of our heritage.

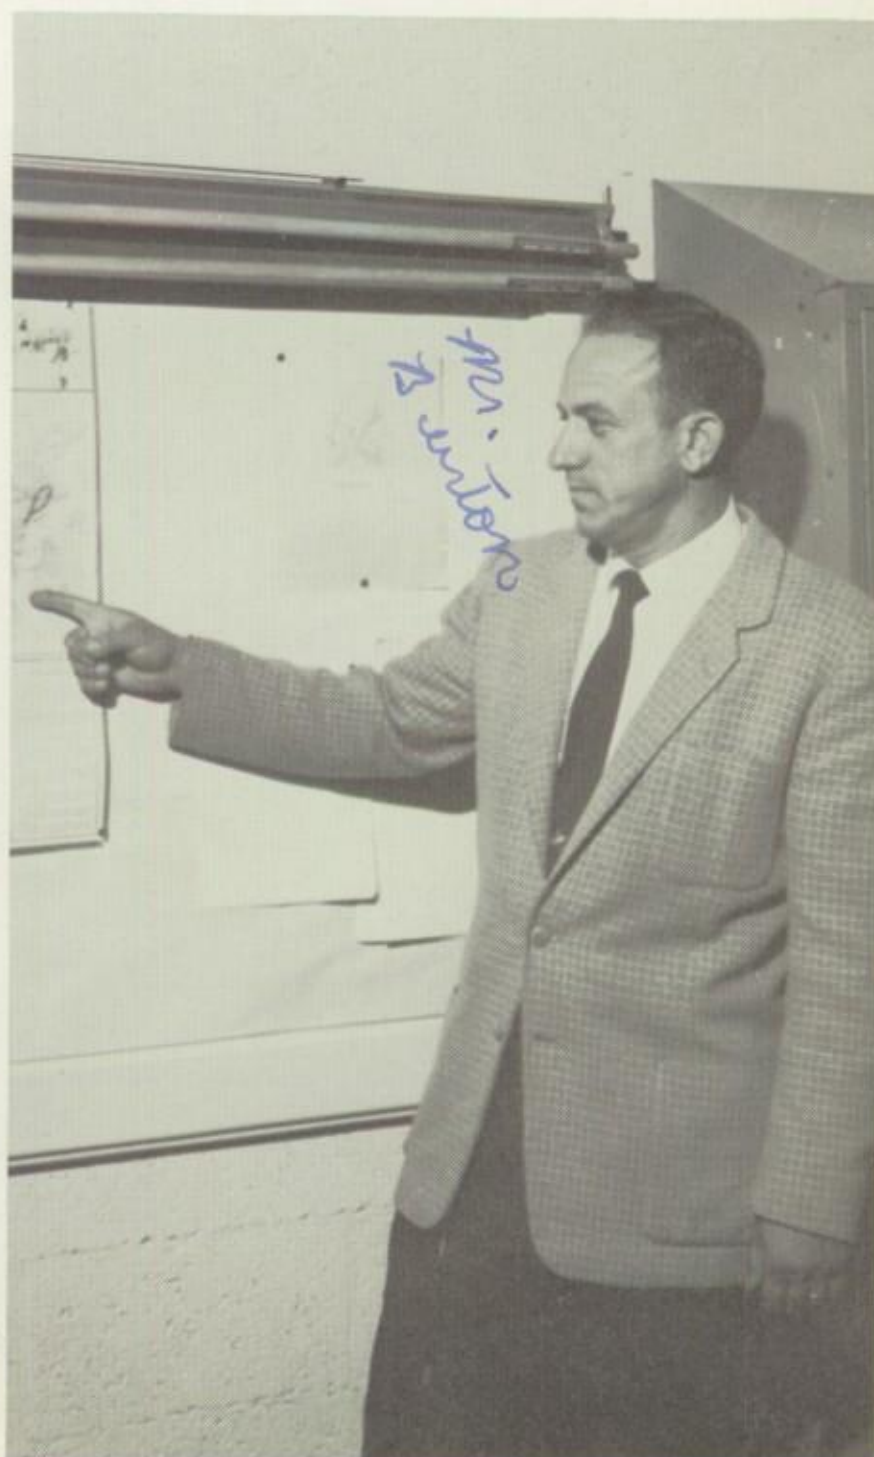

As someone has well said:

“Those who do not have an appreciation of the past are not fit to live in the present.”

Orville Burton
B.S.

Mrs. Doris E. Dobson
B.A.

Languages

All students are enrolled in an English course which consists of writing—creative and research—a study of English grammar, and a survey of literature as well as parallel reading, better known as “book reporting.”

The only foreign language course available at present is French. For the first time we do have three French classes—two first year classes and one second year class.

Mrs. Doris E. Dobson
B.A.

Mrs. Ann B. King
B.A.

Miss Glenna Carruth
B.A., M. Ed.

Mrs. Evelyn Chase
B.A., M.A.

*The secret of success is constancy
to purpose. Mrs R.P. Cruickshank.*

Mathematics

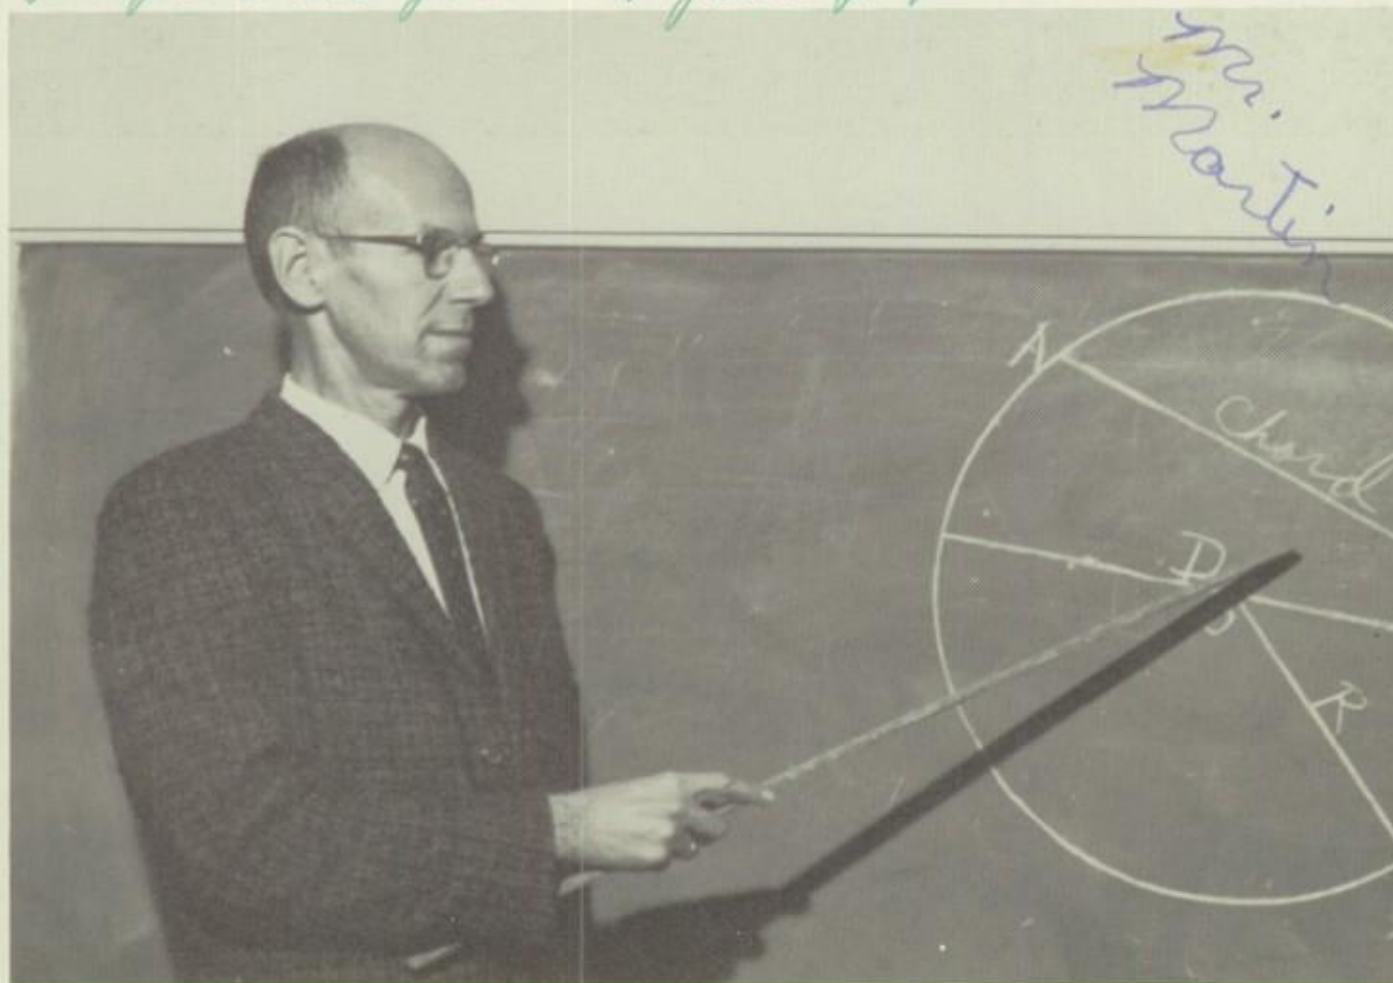

All students take some courses in mathematics. Three years of algebra, general mathematics, and geometry are offered. Since almost all that we do involves mathematics, we feel that this is basic to a good educational program.

"Mathematics possesses not only truth, but supreme beauty."

Mrs. Lorraine K. Cruickshank
B.S.

I hope to see you next year Joyce.

George A. Martin
B.S.

Miss Mildred Few
B.S.

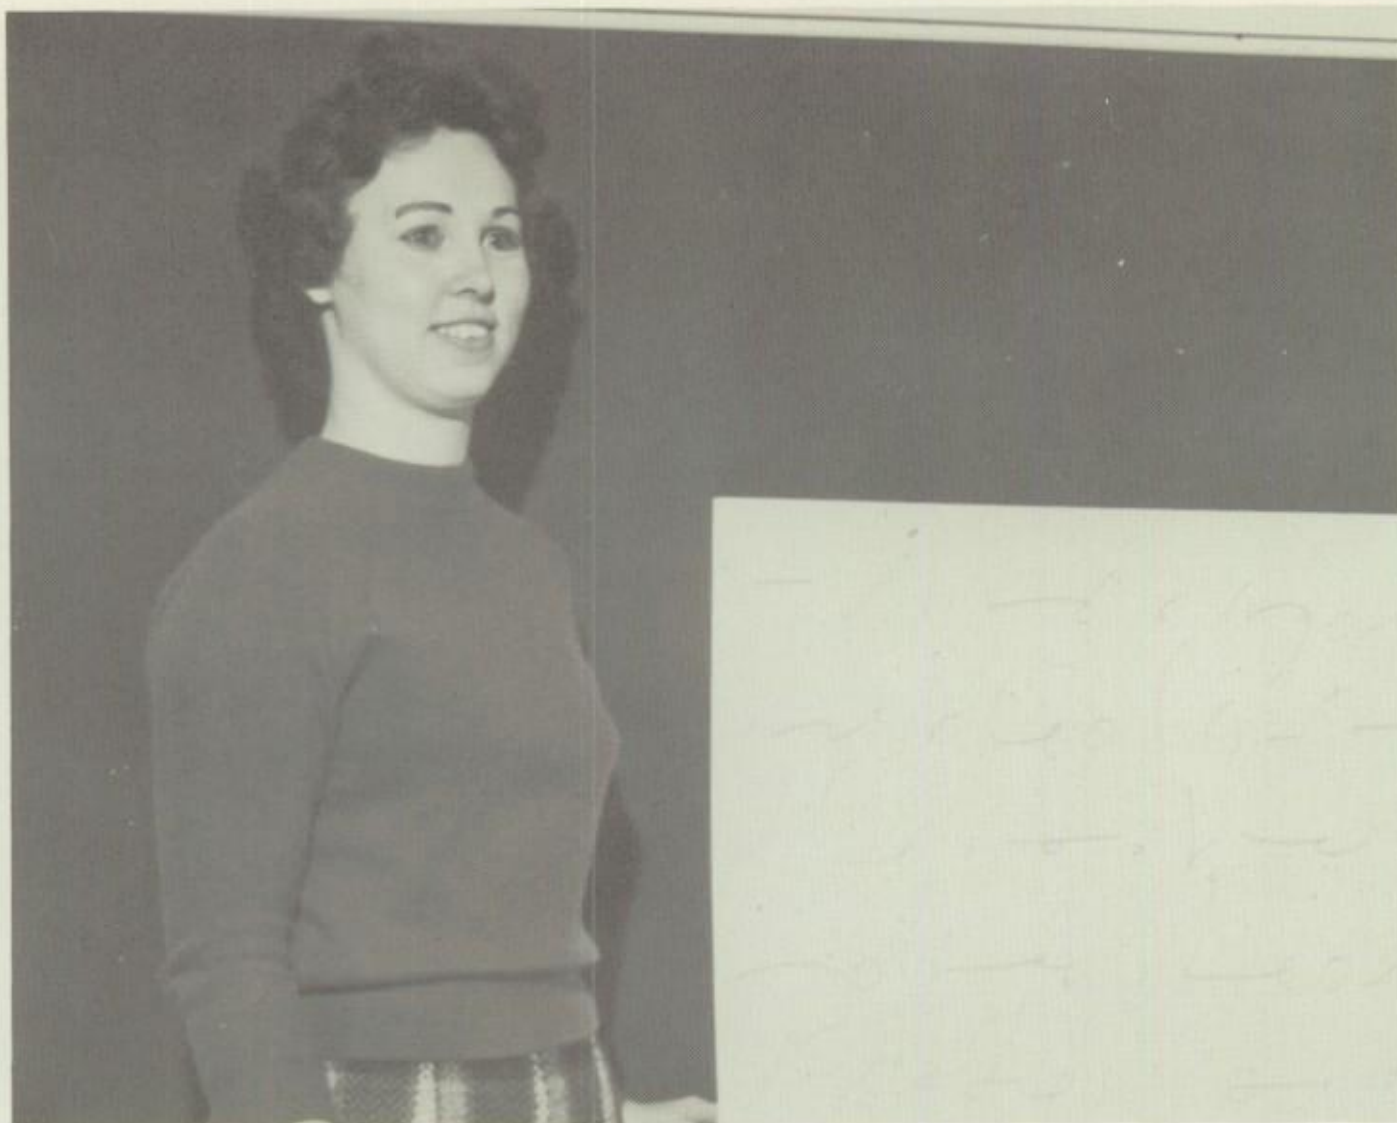

Science

In this scientific age, more of our students are developing an interest in this field. Biology, chemistry and general science are the courses offered at present.

As John Haldane once said, We find "science . . . vastly . . . stimulating to the imagination."

R. Kenneth Peden
B.S.

Miss M. Diane Kittrell
B.S.

Mrs. Mildred M. Mathis
B.A.

Commerce

Another one of our vocational offerings is that of commerce. Students get excellent training in bookkeeping, shorthand, and typewriting. Typewriting is one of our most popular courses. Everyone finds a knowledge of typing valuable in this efficient age.

Library

Mrs. Mathis provides a good environment for "seekers of knowledge" in our well-equipped library. We have 3842 volumes and a good variety of magazines and newspapers with a circulation of 75 books per day.

Home Economics

Since most of our girls will eventually become homemakers, we feel that they get good training in our home economics department. Clothing, foods, and family living are all taught.

Mrs. Lillian W. Jenkins
B.S.

Lillian Jenkins

Agriculture

Agriculture provides good training in crops, soils, cattle, poultry, swine, shop, welding, mechanics, and parliamentary procedure.

Robert C. Chastain
B.S., M. of Ag. Ed.

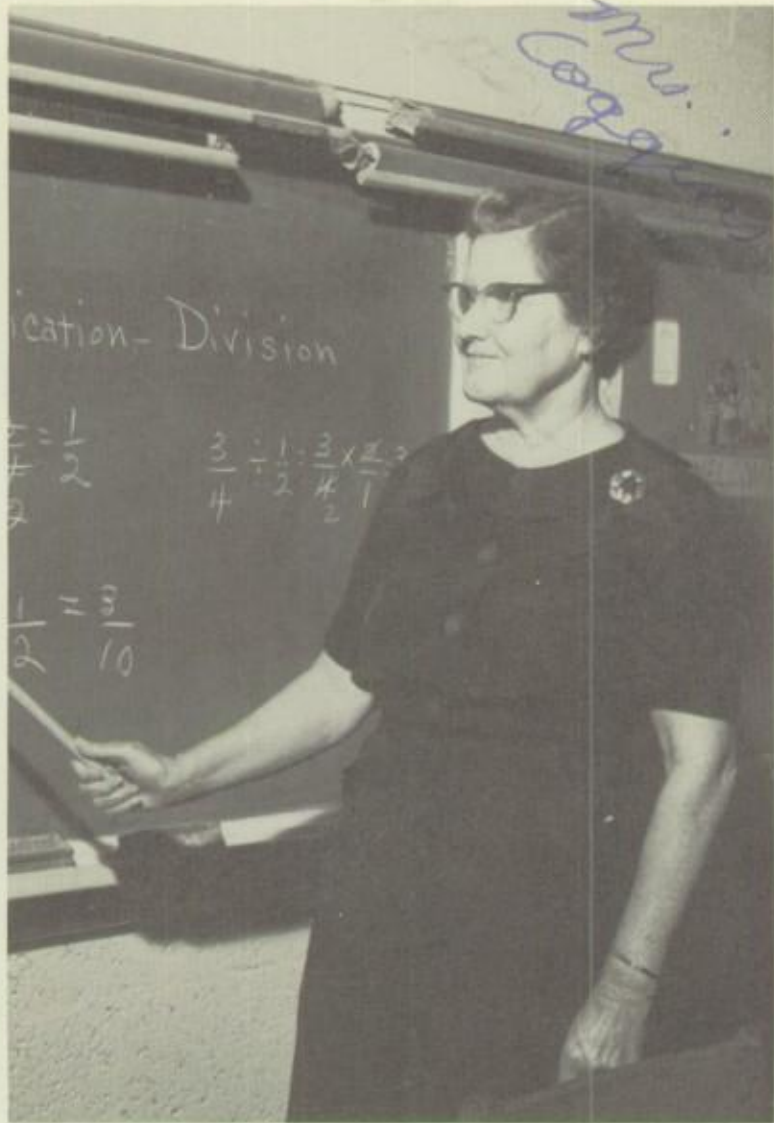

Miss Mildred Few
B.S.

*Best Wishes
Mildred Few*

John P. Pickens
B.S., M. of Ag. Ed.

Eighth Grade

Mrs. Elsie Cogins
A.B.

Mrs. Willie Mae Lindsey
B.S.

John T. Wood
B.S.

A good foundation for later years is laid in the eighth grade. In addition to the traditional courses of English, mathematics, South Carolina history, general science, and physical education, these students also have an opportunity for training in band and chorus.

William T. Painter
B.A.

Music

"Music is the language of all mankind." Through the months and even years Mrs. Martin and Mr. Leopard have done quite a bit to stimulate an interest in music here at Blue Ridge. We are proud that our band had the honor of playing in the Shrine Bowl this year, and some of our chorus members made all-state.

Mrs. Riley provides private piano lessons for those interested.

Walter A. Leopard
B.S.

Mrs. Pamela K. Martin
B.A., M.A.

Mrs. Glenda Riley

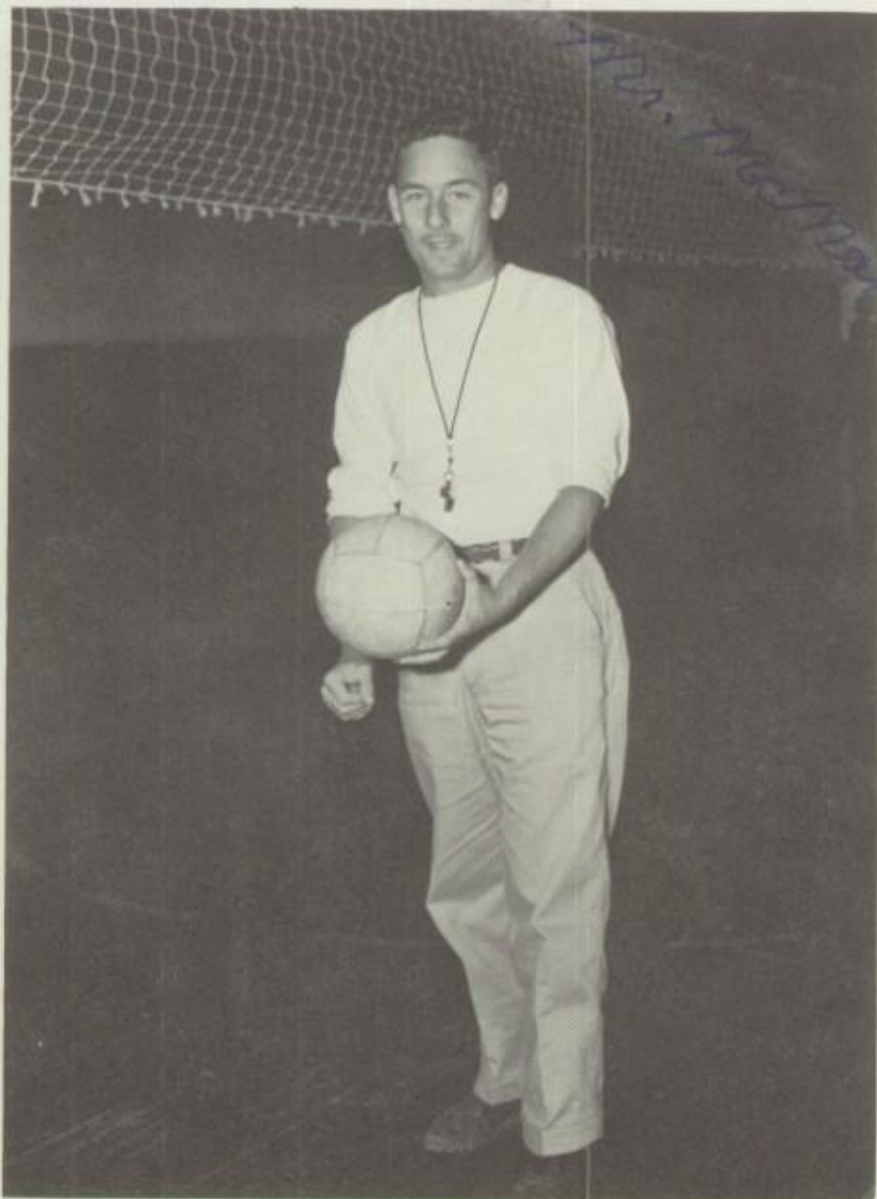

Physical Education

Physical education consists of excercises, fundamentals of sports and games, health and anatomy. All students are required to take two years of physical education.

Our athletic program provides training in mind and body as well as good sportsmanship.

Miss L. Elizabeth Crain
B.S.

William T. Painter
